August 23, 7:30 p.m.
Fire School

Members Present:

Dale Harris	Donnie MacEwen
Bill Gourley	Tim Jenkins
Rod MacDonald	Scott Ryan
Noel Palmer	Miles Boulter

Also Bill Hogan and Dave Rossiter

New Business:

Giles LeBlanc has serviced our pump recently and found all the work done last year has to be redone this year. It will be quite costly to do the repairs this year (about \$5,000 with the possibility of it being more). As well, there are a number of issues that may prevent it from passing inspection.

Need a pump that can be certified and is safe for the road.

LeBlanc has a 1983 fire truck available at \$25,000 delivered certified.

Will likely be looking at something from the 80s.

Holland College program starts up again the first of November. Pump Operator's course for 2 weeks time may have to be delayed.

Decision to delay course, delay repairs, look for a used pump, see how quickly we can see the truck that Giles has coming up.

The roof repairs we were looking at will be \$7,000. Welding that has to be done for safety purposes will continue to be done but the work will be stopped there.

Next meeting will be September 13th.
